## UNCLE TOM'S LETTER

Well done, thou good and faithful servant, we send you our greetings and compliments and thank you for the law bills you have given unto us. We as citizens can show our appreciation best, by seeing that our officers execute and enforce the laws. We believe now we can abate all nuisances so it will be a pleasure to live in this old world. I believe recruits for the saloons, gambling dens, and houses of vice will cease and our children are not going to be sacrificed any more. Let us enforce every law we have and let morality and christianity triumph from Carter to Shelby. I've no apologies to make for the stand I have taken.

Thanks to the Tallahoma Guardian for its complimentary references to Judge Erwin L. Davis. The bootlegger dreads the judge.

The Morristown Sun seems to have come into contact with a spray of tobacco juice in a street car and rather rejoices in the fact that there is a hell. I expect there is a lady in Tracy City that is also glad of the same thing, as she had her dress badly soiled on Shadrick Hill at a meeting one night by a tobacco fiend.

I am wondering what is the next argument the lawless element will produce to help them evade the law.

I don't know whether Miss Tucker, whose marriage I reported is disgruntled or not. If she is I beg to apologize and wish it was so. "Charlotte" hints it may be soon. As to Frank, he only wishes it was so.

I notice a statement in the News where a fellow proposes to leave his wife because she joined the Holy Rollers. Do you reckon, friends, that the poor fellow has really let the devil influence him to make a martyr of his wife? My opinion is he is tired of paying 30c a pound for bacon and 17c to 18 cents a pound for steak and wants an excuse to get rid of her. Well, he can go South, but if he does n't mind he'll land in a hotter country than the South is and have a deal more trouble than a Holy Roller wife gives him. I know nothing about Holy Roller religion but I guess they are not half as bad as reported and if the sister happens to lose her husband on the strength of his bitterness to her religion, some of you tell her "Uncle Tom" says he don't think she has lost very much. Times are mighty hard here at Tracy City, but our married men are not leaving their wives because some of them profess holiness. The fact is religion is at a very low ebb just now and about all there is seems to be among the women. Our women, so far as christianity is concerned, is largely in the majority and stand that way in everything else that has any good in it. There is only one place I know of where the men outnumber the women and that is in the penitentiary, so I haven't any patience with these men who want to leave their wives because they profess holiness and sanctification. Such men need to be on a rock pile, breaking rock. Oh, well, Holy Ghost religion was never popular. Neither was hobbie skirts at first, and lots of things we turn down because we are not used to them. Riding astride by ladies isn't to our liking, yet it was the ancient mode of riding, from what we can learn.

Well, friends, I am really glad that fellow, Gov. Hooper, got his law bills thru. Now lets all of us see they are enforced, and that our officers get busy. It isn't exactly as Mr. Officer says, now we've a lot of bootleggers and gamblers that our officers must put out of business or get into trouble themselves and officers will have to be mighty careful from now on because there are lots of eyes on them and when they begin to dodge and twist somebody is going to see it. The struggle has been long and bitter and very costly and the victors are not going to let their victory be barren as the lawless element hopes for. It is believed here in Grundy county there are men doing nothing else but selling liquor and gambling and they are being watched. Not only are they being watched but our officers are under the eye of scrutiny. Well, they ought to be.

We have nothing new, except Mr. Taylor Tate, a navy man on the good ship Minnesota, was married to Miss Myrtle Crabtree, a first class Tracy City girl, the other day. We wish them much joy and a long and happy life. I reckon Mr. Tate will return to his ship about the 25th inst.

Well, girls, some of you ought to capture Leonard Harris, another marine of the same ship.

## STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting ad-

writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die.

I tried different treatments, but they did not seem to do me any good.

I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try

Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

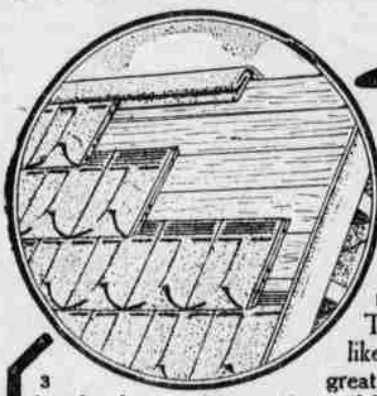

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

## Be Sure You Get What You Pay For

There's more fraud in shoes than in almost any other article you wear.

Nearly 90% of all shoes retailed for less than \$4.00 have paper, composition, or other substitutes for leather in the heels, soles, and counters.

These substitutes are hidden where you can't see them. You can't detect the adulteration until you wear the shoes and find them unsatisfactory.

The "Our Family" shoe is made of fine box calf and gun metal leather. Several styles, all sizes for every member of the family.

Last year 64,448 people bought this famous shoe. The shoe styles here illustrated will show the honest leather construction of the "Our Family" and all other "Star Brand" shoes.

We have one of these shoes cut up to prove its honest construction. Come and see it.

The "Our Family" sells at prices ranging from \$1.35 for the children up to \$4.00 for men. It is a good looking, one-foot weight shoe—for every day or Sunday.

All the above are "Star Brand" shoes with the name on the sole and a star on the heel. Every pair is made of good leather. No substitutes for leather are ever used.

During the last six months Pure Shoe Bill have been introduced in to change and several states, and that when substitutes for leather are used the fact must be stamped on the sole.

Many manufacturers and a few merchants are bitterly fighting this thing, from the state the "Star Brand" manufacturers have been and they are doing it. They believe in this legislation because it gives you a square deal.

Their business has been built upon honest leather construction. We believe that this is one reason why they have grown so rapidly. If substitutes for leather were better than leather there would be lots of other shoe makers larger than they are.

Every consumer should be in favor of a Pure Shoe Law. Every "Star Brand" merchant believes in this great movement for pure leather shoes just as we do, because it insures that the wearer gets what he pays for.

The Old-Fashioned Pure Shoe Bill now pending in Congress should be enacted into a law. The victory should be made complete, because it is a good law. Write your Senator and Congressmen and urge them.

Star Brand shoes are made in many styles for men, women, and children. They cannot be duplicated for good looks and long wear.

Bear in mind that there are several different forms of stars used in trade-marks. The genuine "Star Brand" shoe has the name on the sole and the star on the heel.

Very soon you will buy your Fall and Winter shoes. Be sure you get the genuine "Star Brand" shoes. Then you will know why
